To whom it may concern,

I, Afra Al Marar, holder of Emirati Passport # **PPJN8682** , Founder at Toaster Artistic Productions - Sole Proprietorship L.L.C. would like to recommend Adonis Bdaywi, Lebanese Passport # **LR3016956** for a Golden Visa Recommendation Letter for his work on the Department of Culture & Tourism - Abu Dhabi project titled "Intangible Heritage" in the year 2023.

A collaborative production with ImageNation Abu Dhabi, the campaign consists of 10 videos to date, all produced in various iconic Abu Dhabi locations. The purpose of the campaign is to highlight various Emirati skills; showcasing, elevating and promoting both the heritage and culture of the United Arab Emirates and Abu Dhabi, as well as shed a spotlight on what the country and capital have to offer.

Adonis' work on the project was valuable and essential, and was a big part of the success of the project as a whole.

Please feel free to reach out for any questions or concerns.

Best wishes
